☞ Country Merchants visiting our city can find the location of the principal Wholesale Houses and Manufacturing Establishments, by viewing the Business Directory column of this paper.

The News.—We had additional election news on Saturday, which will be found in our telegraph column.

The Stock market in New York was irregular, with no material change. Breadstuffs about the same as on Friday, with less activity in flour.

The *Asia*, arrived from England, brings important news from India. Nena Sahib, the account of whose death, it seems, was false, was besieging Lucknow, and it is to be feared that the Europeans there have fallen victims to this bloodthirsty friend.

Winslow Lanier & Co., brokers, of N. Y., have suspended. *All* of the N. Y. banks suspended on Thursday, and the money market seems to have improved in consequence of the bills of all secured banks again passing freely. Arrangements were being made for a general circulation of bills of the Eastern banks.

Democratic Meeting.—The Democratic meeting on Saturday night at that very aristocratic locality, Albany Hall, was very well attended. In addition to the firing of cannon, somebody got up the very appropriate notion of firing rockets, the bursting into fragments and disappearance thereof being precisely significant of the condition of the party.

The speech of the evening was probably as good an answer to Judge Doolittle's powerful argument as could well be made, but it is up hill work for the sham-democratic orators to get up any enthusiasm for slavery.

### Nominations.

In Rock County the Republicans have nominated for Assembly James H. Knowlton in the 3d (Janesville) district, and Z. P. Burdick in the 4th.

In Winnebago County, 3d district, W. P. McAllister is the Republican candidate.

In Sauk Co., 2d district, Solomon Northrup is nominated by the Republicans; and in Portage County Burton Millard.

Racine County.—The Republicans of Racine (City District) have unanimously nominated Thomas Dickinson, a good and true man, as their candidate for Assembly, and intend to elect him. Our friends in Racine, are setting a good example to their brethren throughout the State, in their *thorough* organization for the November contest. If all the Counties in the State do as well for the cause of Free Soil and Free Labor, as Racine, we shall count our majority by tens of thousands.

The Infection Spreading.—Hon. L. B. Vilas, a steady-going old democrat, bolts the track, and takes the stump in Dane County with Col. Bird, against Proudfit, the "regular" democratic nominee for Senator.

Down on the Carpet Bags.—One of the carpet-bag men, who visited Fond du Lac the other day, and drew a considerable amount of specie from one of the banks, was waited upon by a party of citizens, and given the alternative of taking back his currency or a coat of feathers.—He preferred the currency, and left sadder, if not a wiser man.

The Other Side.—The Oshkosh *Courier* says that the carpet-bag man was Mr. W. T. Hammond, a business man of that place, who wanted to get $180 in gold to pay for some government land, and complains, in very severe terms, of his treatment by the Fond du Lac people.

Discontinued.—The Mineral Pt. *Democrat*, the sole representative of its party in the south-western counties of this State, has ceased to exist.

Propeller Sunk.—Several vessels which reached this port last evening, report having seen an unknown propeller sunk in the Straits, nearly opposite "old Mackinac." The captain of the schooner Jessie, which arrived here last night, reports having come in collision with a propeller in the Straits, supposed to be the Oliver Cromwell, but the Jessie was so much damaged as to be scarcely able to help herself. The Cromwell was a Canadian propeller, and was bound down with a cargo of grain, from this port.—*Chicago Trib.*

The *Cromwell* cleared from this port a week ago, with 11,000 bushels wheat for Kingston, shipped by Messrs. Kellogg & Strong. She also had on board, we understand, some flour from Chicago. The wheat, we believe, was insured here, though we have not learned in what Company.

### Republican Victory in Indiana.

Correspondence of the Chicago Tribune.

South Bend, Ind., Oct. 15.

Case, Republican, is elected to the Congressional vacancy in the adjoining (10th) District, by a larger majority than Brenton had last year. The following is the result:

| Counties. | Case, Rep. | Warden, Dem. |
|---|---|---|
| | —Majorities— | |
| Allen | | 740 |
| DeKalb | | 25 |
| Elkhart | 301 | |
| Kosciusko | 400 | |
| Lagrange | 500 | |
| Noble | | 65 |
| Steuben, (reported) | 600 | |
| Whitley | | 50 |
| Total | 1800 | 880 |
| Case's maj. | | 920 |

Brenton's majority was 710. I have given the majority in Steuben at 600. One report makes it only 500. Case's majority does not fall below 800 in the Democratic calculations.

Case's victory has been obtained by a most untiring canvass—speaking twice a day, and overcoming by the most unceasing and energetic effort the apathy which, in consequence of there being no general election this year, existed in the District when he entered the field.

Yours, very truly,
Schuyler Colfax.

Bear Killed.—A large black bear was killed in the Town of Empire, Tuesday morning last, by Mr. Charles Clark, and brought in town for sale the same day.—*Fond du Lac Journal.*

### A Clincher.

We publish below a note from Gov. Bashford to Mr. Kilbourn, with the reply of the latter, in relation to the charge brought against the Governor of receiving bribes from the La Crosse R. R. Co. The *News* and *American* have again and again repeated this false accusation. It has been denied by the Governor's friends, and the calumniators dared to the proof. It has been denied by Mr. Hopkins, the Governor's private Secretary, who was alleged to be cognizant of the fact. Still the slanderers persisted, and now here comes Mr. Kilbourn, of the same political faith with the calumniators, and a personal and political friend of Mr. Cross, with a direct, clear, and explicit denial of the malicious charge. What will the slanderers say now?—

GOV. BASHFORD TO MR. KILBOURN.

New York City, Oct. 8, '57.

Byron Kilbourn Esq.—
*Pres't of La Crosse & Milwaukee R. R. Co.*

Dear Sir—I have learned from friends from Wisconsin—not having seen the Wisconsin papers—that after I left the State, some three weeks ago, it was charged that in consideration of my approving the Bill giving the North Western Land Grant to the La Crosse & Milwaukee Rail Road Company, I was to have, and in pursuance of such arrangement did receive, a bonus therefor. And it is further charged, that such arrangement was made and consummated through you.

I ask for your reply to said charge, with your permission to use the same publicly if deemed necessary.

Yours Truly,
Coles Bashford.

MR. KILBOURN'S REPLY.

19 Nassau St., N. Y., Oct. 8 '57.

Gov. Coles Bashford—

Dear Sir:—Your favor of this date has been received and I embrace the first moment to reply. Having been absent from Wisconsin during nearly the entire of the past season, since June, and being so much engrossed with the cares and accumulating duties of my position, in an endeavor to carry forward the La Crosse Road, under the most difficult and trying circumstances, I have heard and known but little of the political movements at home. For these reasons, and for the further reason that jealousies are entertained against our Company, lest it should interfere in the political affairs of the State, disinclined me to taking any part in them. But justice to you, to myself, and the La Crosse Company, demands that I should reply promptly to your note of this date, *and deny, in the most unqualified terms, the truth of the charges which you state have been made* in the Wisconsin newspapers, relating to a bonus which you were to receive through an arrangement with me, as a consideration for approving the bill giving the North-Western Land Grant to the La Crosse and Milwaukee Railroad Company. No such arrangement was ever made by me, and no such bonus was ever promised or paid, to my knowledge.

My intercourse with you, previous to the passage and approval of that act, was very limited indeed, and our positions relatively were such that I would not have presumed to advance any suggestion of the kind, even if not restrained by the paramount consideration of its impropriety. All intercourse between yourself and our Company had been conducted, up to that time, through other parties who had personally and politically associated with you, and who, it was supposed, enjoyed your confidence, which was not the case between you and myself, as we had been almost entire strangers, having only met casually once or twice, with a bare introduction. I have the most satisfactory reason for believing that those parties who represented our Company and who were in daily intercourse with you, neither made or carried out any such arrangement, and that no understanding, of an improper or corrupt nature was ever had by any party acting on behalf our Company, and that none such was ever sought for by you.

In support of these declarations, it is only necessary for me to advert to the fact, that the bill in question was drawn to meet and conform to the requirements of your previous veto message in every particular, as may be more fully ascertained by reference to Hon. John F. Potter, who was in charge of drafting the new bill, and who, I understand at the time, consulted you personally in the arrangement of its provisions, so as to meet your approbation. Such being the case, what necessity could there be of offering a bonus or a bribe, to induce your approval of a bill which had been so drawn as to comply with all your requirements, and thereby was placed beyond the possibility of disapproval?

I am, very respectfully,
Your ob't servant,
Byron Kilbourn.

### Iowa.

We obtain from letters and exchanges a few more returns from Iowa; enough, we believe, to warrant us in saying that Judge Lowe, Rep., is elected Governor by four to five thousand maj.—The Republicans have also secured a majority of the Legislature, which will elect a Republican U. S. Senator, in the place of doughface Jones, the present incumbent. This makes the victory more valuable. And another question is settled, that Iowa is a Republican State, beyond all peradventure.—*Chicago Tribune of yesterday.*

### New York Money Market—All the New York City Banks Suspended.

The New York papers of Thursday, received last evening before six o'clock by McNally Dearborn street, bring the first news of the suspension of the fifty New York banks. The telegraph, as is often the case, omitted to give us this very important piece of intelligence.

The suspension had the effect of easing things up in New York, especially when it was understood that the bills of the State banks would be current in the city in future at the banks.—*Chicago Dem. Saturday Oct. 17*

### Doan, King & Co., and Collins, Kirby & Co.

The report of the suspension of Doan, King & Co., and Collins, Kirby & Co., of this city, as telegraphed from St. Louis by some malicious person, and published in the New York *Express* of the 12th, we are authorized to pronounce false, and such as could only have proceeded from some bitter enemy of these firms in this city. We are further authorized to say that no paper of these firms has gone to protest in this city. Reports of the character of the above are calculated to do mischief of a very serious kind, and the parties uttering them are deserving of severe punishment. We learn from the most undoubted authority that the houses named are among the most solvent and responsible in our city, and that no creditor need have the least apprehension of any loss from them.—*St. Louis Dem. Oct. 16.*

Wheat Stirring.—We are happy to learn that an arrangement has been made between A. B. Carpenter and John Hackett Esq., for the purchase of wheat and the manufacture of a thousand barrels of flour within the next twenty days; which Mr. Carpenter ships to New York for the purpose of exchange. This will give a little stir to business, and if several such arrangements could be negotiated, it would relieve the wants of the community materially as well as give a new impetus to trade.—*Beloit Journal.*

Fearful Earthquake in Peru, South America.—On the 20th of August a severe shock of an earthquake took place in Peru, by which the city of Piura suffered severely. A private letter received by a gentleman in Panama, from thence, dated August 30th, says: At 7 o'clock on the morning of the 20th, the most severe shock of an earthquake ever remembered was felt here, which has done damage to the amount of $500,000.—The shock lasted about a minute and forty-five seconds, and every house in the town has suffered more or less. The police have had 122 houses taken down that were in a dangerous state, and a number of the churches have been completely destroyed.

### Banks, Currency, &c., at Madison

We understand that in consequence of the suspension of specie payment by the New York city banks, rendering it impossible for the banks in the interior to obtain coin from that source, the banks in this city have determined to refuse to pay coin for their circulating notes *when presented by brokers, bankers or carpet-bag agents.*—*Journal.*

## CITY MATTERS.

### POLICE COURT, Oct. 17.

BEFORE CLINTON WALWORTH, POLICE JUSTICE

Drunk.—Anna Richardson, fined $5.

Disorderly.—M. B. Corvin, and H. H. Smith, fined $5 each, Thomas Brennan, fined $25.

Larceny.—John Eagan and wife, convicted of stealing 1½ boxes white fish from Bilty's pier, were sent up to county jail for 30 days.

Jacob Speilman, obstructing sidewalk fined $1.

Military.—Company "B," Milwaukee Light Guard, have their first Company parade *this* (Monday) afternoon. The Members are notified to meet at the Armory punctually at 2 P. M.

The Rape Case—A New Dodge.—The *News* invents a new excuse for the summary dismissal of the recent rape case by Judge McArthur.—Not satisfied with defending this extraordinary act of the Judge's, the *News* proceeds to impeach the witness. The story now is that the two burly mates of the Propellor, and not the poor, solitary, friendless German woman, were the victims, in the case! Hear this ready apologist:

The senior *Editor* of that paper enquired of the brother of the District Attorney as to the facts, and was by that gentleman informed of them—and further, that the defendants could never have been convicted—and knows that the case instead of being a *rape*, was in fact a *rapes.*

No sir, we neither know, nor believe anything of the sort. Indeed we are assured to the contrary by respectable German citizens who know the witness and are cognizant of all the facts in the case. *Their* only doubt is, which was the greater wrong; the outrage committed upon the poor woman by the mates of the Propellor, or the abrupt dismissal of the case by the Judge, after waiting "nearly half an hour" for the prosecuting witness.

The *News*, having blackened the character of this witness, proceeds to deal with the obstinate Juror, who had the temerity to think the prisoner "guilty," although instructed by the Court to find him "not guilty." It says:

How fit that man, whoever he may be, is for a juror, who had made up his mind as upon the guilt of a party, before even, according to the *Sentinel*, the evidence of the first witness was ended—how fit a man he is for a juror, let the Sentinel tell its readers.

Quite as fit, one would think, as the jurors who made up *their* minds the other way. The dissenting juror believed, from the woman's story, that the prisoner was guilty of the outrage charged, and did *not* believe that the Judge had a right to turn the case out of Court, merely because the prosecuting witness, misinformed as to the time to which the Court stood adjourned, was "nearly half an hour" too late in her attendance. In this opinion we are very sure that the Bar and the public generally concur.

Finally, by way of excuse for its own shortcomings, the *News* alleges that the *Sentinel* has always shielded "the rich," and wronged the "poor criminals," and threatens to "startle" the public with the proof of this. Undoubtedly the public would be "startled" if the *News* should attempt to "prove" any thing it has said; and we invite it, therefore, to begin forthwith. Let us see just how far mendacity and malignity will carry it.

The Theatre at Young's Hall.—The benefit of Mrs Farren, Saturday night, at Metropolitan Theatre, was a decided success. There was a large audience, and we think all went away fully satisfied with the performances, and impressed with the belief that Mrs. Farren is an excellent tragic actress. Macfarland's entire troupe appeared to very good advantage, and if he endeavors to keep as efficient a dramatic corps as he has at present before the public, his success is certain.

To night will be presented the admirable play of "Love's Sacrifice," in which Mr. Mulholland, a new actor of considerable merit, will appear.—Jessey Macfarland will, as usual, enliven the entertainment with one of her inimitable fancy dances, and the charming Miss Russell takes a prominent part in the afterpiece.

Plug Ugly.—By huge posters that are pasted up through the conspicuous parts of the city, we learn that there is a kind of a Plug Ugly, or pugilistic demonstration to 'come off' this evening at Treat's Hall. All the "fancy" of the city, besides those of some other cities are to be there, and no doubt it will be a fancy affair. We are inclined to think, however, that there will be a slight hindrance to this edifying entertainment in the shape of some of our sturdy police.

Coal.—A second cargo of coal is now being discharged for the Newhall House, making about 700 tons which is nearly all stowed away in the capacious cellar of the house, and it is not full yet. The Newhall House will consume about 600 in a year, from which some idea may be formed of its extent.

☞ See notice of a mare strayed, in another column.

Park Herd.—Dr. Tilton has returned to the Massasoit House, Chicago, where may be obtained Old Dr. James wonderful and celebrated extract of Cannibis Indica.—His son-in-law, Dr. Thomas Tilton, will supply you with either, personally or by Express. It is a sure and speedy cure of the worst cases of consumption, bronchitis, asthma, nervous debility, coughs, colds and sore throats.—We know this to be a fact. Try it and live.

P. S.—By addressing Dr. Tilton a note through the Chicago Post Office, inclosing four stamps, (12 cents), a recipe will be sent in return, free of charge, to any part of the Union. Dr. TILTON,
aug8l775d3m Massasoit House, Chicago.

How to Preserve Beauty.—Nothing is more becoming to a man or woman than a beautiful luxuriant head of hair, and a woman's beauty is certainly incomplete without a fair complexion, and he or she who neglects these great and important adornments of nature must expect to suffer the mortification of premature baldness, a wrinkled face and a sallow skin. Nothing is necessary to preserve these essential attractions but the use of Prof. Wood's Restorative.—*Louisville Times.*

Prof. Wood's Hair Restorative.—We have had occasion to use this famous preparation of Prof. Wood's, and after thoroughly testing its qualities, we find that where the hair is thin it will thicken it, if gray it will restore it to its original color; likewise, it gives a glossy appearance as well as keeps the hair from falling off. This invaluable ingredient is for sale at "Chinaman's Tea Store," southeast corner Frederick and Baltimore streets, by Mr. J. C. Given.—*Balt. Clipper.*

The past week, while it has witnessed the culmination of the financial difficulties at the East, has also witnessed a marked improvement since, to use a common phrase, "the bottom fell out." Stocks have risen, and breadstuffs have improved in New York, imparting a feeling of confidence in a better future to an extent which has operated upon our market. Prices of wheat reached their lowest point during the week, and sales of prime winter were made at 80c. The last two days have shown an advance.

### Money Market.

Banking and Exchange Office of Bridge Brothers, 166 East Water St., Mil. Oct. 17, '57.

Since our last, all monetary matters have assumed a more gloomy appearance, both South and East. The only favorable symptom we can discover is the general suspension of all the Eastern banks. There are, undoubtedly, some of them still sustaining themselves, but the majority have been compelled to succumb. The ultimate effect of a general suspension will unquestionably result in the Merchants and Bankers taking all classes of suspended notes, except those which will go into liquidation. Had this course been adopted thirty days ago, the country would have been far better in its finances.

So far our State and also Illinois, have not been much affected as far as their banks are concerned. With the exception of some few outside, and rather limited concerns, there have been no failures of any importance.—We feel confident that the West can sustain itself, and come out victorious.

Exchange is still scarce, but we can see no reason why it should not fall to a reasonable rate. Should all solvent banks be taken at the east, as heretofore, there will be no difficulty in procuring exchange, as money will be sent here for the purchase of produce, and bankers can convert Eastern notes, as well as discount on reliable wheat paper.

We quote

Exchange, buying.......... 3 a 3½ cent.
Selling..........5 ½ cent.

## TWO WEEKS TO ELECTION!

Two WEEKS from to-morrow, the People of Wisconsin will be called upon to elect their State Officers to serve for the ensuing two years.—Two WEEKS only remain in which to prepare for the contest. REPUBLICANS OF WISCONSIN! ARE YOU READY?

The contest is no ordinary one. The people of this State, one of those made free by the Jeffersonian Ordinance of 1787, are to say whether they choose to remain free, or whether, by electing a ticket, *called* Democratic, they will rather give up Wisconsin to be overrun by the Slave Propaganda, and made, not only a hunting ground for Slaves, but a peaceful dwelling-place for the "patriarchal institution." The Dred Scott decision—the recent proclamation of Mr. Buchanan that Slavery is National, and the full endorsement of both by the so-called Democratic party, show what is meant by the advocates of that sum of all villainies. People of Wisconsin! In two or three hard-fought battles you have planted yourselves on a Platform of FREEDOM, and stand now as citizens of a Free State. Will you, by any backwardness—any supineness now, diminish the lustre of your reputation?

The great *National* issue not only calls you to the field of conflict, armed with the Freeman's weapon—the BALLOT—but the welfare of the *State* demands all your zeal. The same unscrupulous set of men whom you know, by past sad experience, to be plunderers of the Treasury, wanton prodigals of the School Fund, and forgers of Election returns, are straining every nerve to get back to power, through their proxies and representatives whom they nominated on the Sham-Democratic ticket. They shrink from no fraud—they hesitate at no degree of malignant falsehood—in the endeavor to blacken the character of the Republican candidates. Their work is the work of desperation. If they succeed in gaining power, we shall have a repetition of the corruption and wanton waste which has characterized them in the past. The Treasury will again be thrown open to party favorites, whose due-bills "Good for $——" will be held as cash in the vaults, till some other Treasurer is found to be a defaulter, and unable to account for the whereabouts of the public funds.

Every consideration of National and State policy, therefore, calls for the energetic action of every Republican to keep the State in its proper position on the side of Freedom and of Right.—We trust that no apathy—no overweening confidence—will keep a single Republican from the polls on the 3d of November.

ORGANIZATION must be the order of the day till then. Let the active, working men of each district meet and consult together as to what is to be done in their several localities to bring out a full vote—for a FULL VOTE is a victory for us, beyond peradventure. Our friends may be sure that the enemy, in their desperation, will poll all their legal votes, and as many more as they can, in defiance of the stringent penalties of the new Election Law.

Let VIGILANCE and CHALLENGING committees be appointed, of the best working men, to attend the polls and see that a FULL and FAIR vote is cast.

Look to the early preparation of BALLOTS, so that they may be on hand at the opening of the poll. See that they are correctly printed, so that no votes may be lost from carelessness in that respect.

LOOK TO THE LEGISLATURE! So far as the nominations have yet been made by the Republican conventions, they have presented worthy and able men, and with proper exertion, a large majority of both Houses of the Legislature will be Republicans. Success with our State and Legislative tickets will place the affairs of Wisconsin in the hands of our party, as it has never been heretofore. With that control will come duties and responsibilities from which we do not shrink.

ACTIVITY—THOROUGH ORGANIZATION—and VIGILANCE, during the few remaining days, and on the day of election, will surely give us the State again, and show that Wisconsin does not falter in its support of the principles of Freedom.

### State Taxes.—Look at Them!

Some days since, the *News* coolly informed its readers that the State Tax for this year was "*nearly half a million of dollars*," and had been more than "*doubled*," in two years, under Republican rule. The *News* rolled this story like a sweet morsel under its tongue, for a day or two, and made much of it. But the Republican press soon changed it into a bitter cud by *proving*, from the official record:

1st. That the State tax for this year was only $300,000—precisely the same as last year.

2nd. That instead of having "doubled," the State tax has been *diminished* FIFTY THOUSAND DOLLARS, under Republican rule.

As there was no gainsaying either of these facts, the *News* drops its first fabrication and substitutes another. It now alleges that the State expenditures have been largely increased, under Republican rule, and that "the people will have "to be taxed *double and perhaps treble* the "the amount ever befor levied." Very like they will, if the *News'* party gets into power again.—But no such burden will be imposed upon them by Republicans. Here is the table of the State Taxes for the past four years; a complete answer, in itself, to the *News'* fabrication:

| *Year.* | *Governor.* | *Tax.* |
|---|---|---|
| 1854. | Barstow. | $300,000 |
| 1855. | Barstow. | 350,000 |
| 1856. | Bashford. | 300,000 |
| 1857. | Bashford. | 300,000 |

It will be seen from the above table that the Tax for this year is *not one dollar higher*, than it was *three years ago*—notwithstanding the rapid growth of our population and the necessary increase in State Expenditures—and that it is actually *fifty thousand dollars less* than it was two years ago, when "the Forty" were quartered upon the Treasury. With the continuance of Republican rule *there will be no increase in the State Tax* of next year. On the other hand, if "the Forty" return to power, the *News*, a reliable organ of theirs, notifies us in advance that "*the people will have to be taxed double and perhaps treble the amount ever before levied.*"

The *News* undoubtedly knows how much it would cost to maintain the Cross Administration. We will not dispute its estimate. Let the People therefore consider, whether they will have two years more of Republican rule and *no increase of taxation*, or whether they desire a restoration of "Barstow and the Balance," and are willing to be taxed "*double and perhaps treble the amount ever before levied*" to pay for this costly luxury!

### Why are the Lands Sold?

A great many people of this State are wondering why the Board of Commissioners of School Lands,—who are the Secretary of State, Mr. JONES, (a candidate for re-election) the Treasurer, Mr. KUEHN, and the Attorney General, Mr. SMITH—all Democrats of the strictest sect—are forcing off this year such an immense amount of the State lands. The times have been hard throughout the year, and the prices received for these lands have been necessarily much less than they would otherwise have obtained. Where was the necessity of forcing nearly two millions of acres of land upon the market?

The reason is a very plain one. The Commissioners are pocketing an *enormous amount of fees* from these sales. The law gives them fifty cents in fees for every duplicate certificate and patent issued, which amount is declared to be intended to pay them for their trouble, and pay all the expenses, clerkhire, &c., of the Land Department.

The Commissioners, instead of charging fifty cents, according to the law, for each lot sold to an individual, divide the whole into forty acre tracts, and *charge $1.25 upon each* forty. If they succeed in forcing off two millions of acres during their term of office, they will have thus pocketed the snug sum of $62,500. And, as, instead of paying the clerkhire of the Department out of these enormous fees, they *pay it out of the School Fund*, and pay also *out of that fund* the large amount for printing, &c., they must divide among themselves nearly the whole of the $62,000 *over and above their regular salaries!*

Here is motive enough for the forcing off of the School Lands, and we think that the people will conclude that Secretary JONES, at least, can afford to retire.

CROSS AND BARSTOW.—The *Jeffersonian*, an Anti-Barstow paper, which nevertheless supports Mr. CROSS, thus undertakes to absolve the latter from all connection, or complicity with "the loose and fraudulent act" of Barstow's administration.

> He, like many others, friendly to Barstow, probably sustained him as long as he consistently could but when their loose and fraudulent acts became apparent, we do not, and cannot believe that J. B. Cross approved of him, or them in their committal.

Unfortunately for this convenient "belief"—it may be sincerely entertained, Mr. CROSS is *on record*, by his votes in the Legislature and his language and acts out if it, as a zealous supporter of Mr. BARSTOW'S administration *in every single particular.*

A GLOOMY PROSPECT.—The Madison *Argus* winds up a most vehement appeal to the regular "democracy" to vote for Proudfit, and an impassioned endorsement of that gentleman's personal and political character, with this startling prediction:

> Are not these things sufficient to satisfy an united democracy? If they are not, then is this Senatorial district consigned to irremediable defeat, and Shanghaism now and forever triumphant.

Which being interpreted means, that if Mayor BIRD and his friends refuse to support Mr. PROUDFIT now, then PROUDFIT and his friends, forever hereafter, will go in to help "the Shanghais" against any and every "regular democratic candidate." Only to think of it!

☞ We have shown that Gov. Bashford, he who was elected by the "reform party" and of whom was expected a "reform administration," has been guilty of corruptions while in office out of which he has made nearly ONE HUNDRED AND TEN THOUSAND DOLLARS.—*News of Saturday.*

You have "shown" nothing of the sort, and when challenged to produce proof of this charge, have been *dumb*. Under these circumstances the public rightly regard the charge as a mere partizan calumny.

### Personalities in the Canvass.

The Pro-Slavery press complain at times that the Republican papers are filled with "personalities." The charge is not only unfounded, but impudent. The Republican papers have indulged in no such warfare. We do not remember to have seen, in a single Republican paper of the State, a word reflecting upon the private character, habits, or associations of Mr. CROSS, or any other candidate on the democratic ticket. Whatever attacks have been made upon them, have related to their public and political, and not to their private life.

Very different has been the course of the Pro-Slavery journals. Their columns have teemed with personal abuse of the leading Republican candidates. Judge RANDALL, our candidate for Governor, has been especially singled out for these defamatory attacks, and the *News*, *Argus*, and *American* have vied with each other in making them. Here is a sample from the *News* of Saturday:

> Randall, therefore, is travelling in the footsteps and is pledged to the same line of conduct pursued by Bashford. And there is but little doubt but that the man who has been convicted in advance of defaulting to the Government and to his clients, and of habitual gambling—there is but little doubt that Randall would, if elected, follow closely in the slimy channel of his predecessor. From such an affliction, good Lord deliver the people of Wisconsin.

To such false and slanderous accusations no reply is needed. Judge RANDALL has lived too long and is known too well in Wisconsin, to be injured by the calumnious charges of a reckless and unscrupulous party hack. The cause, indeed, must be desperate, which requires the aid of these weapons of detraction. And yet, if compelled to drop "personalities," what would there be left for the Pro-Slavery organs to say?

THE "REFORM DEMOCRATIC" CONVENTION.—The Janesville *Standard*, home organ of "the Forty," avers that "not a single Democratic paper in the State countenances, or advocates the course of the disorganizers," who have called the Reform Convention in this city, on the 20th instant. The *Gradaus*, of Milwaukee, the *Anzeiger* of Watertown, and the *Patriot* of Madison, all three "Democratic papers," and which have done yeoman's service in the Democratic ranks, "countenance and advocate" this "Reform" movement.

The *Standard* predicts—the wish being father to the thought—that the movement will be a failure and that its alleged projectors, Messrs NOONAN and HEUBSCHMANN, will receive "from the Democracy of the State, whether they belong to the native born or foreign born class, the hearty execrations they deserve for their treason."

Undoubtedly that stripe of "Democracy" which the *Standard* represents, will vent all manner of "execrations" upon the Reform Convention and all connected with it; but their curses, however "hearty," will scarcely "stop that ball."

A POLITE HINT TO THE "NEWS" AND "AMERICAN."—The Green Bay *Advocate*, a staunch, reliable and *respectable* Democratic paper, administers, in its last issue, a sharp rebuke to the *News* and *American*, of this city, for the disgusting personalities which have filled the columns of those sheets during the past few weeks.—Speaking to the editor of the *American*, the *Advocate* says:

> But we regret to see it assume the shape not of a strict advocacy of the ticket, upon the political issues presented, but a constant, every-day warfare upon men with whom, up to a few days ago, he was upon most intimate personal and political terms. This very radical and sudden change in views, with regard to men and things in Milwaukee, is perhaps all very proper, and discussions based upon it, may be well suited to the streets of that city; but we doubt whether they will have a weighty influence upon the politics of this State, beneficial, or otherwise.

This "doubt" begins to be exceedingly prevalent, hereabouts. Indeed the wiser heads of the party do not scruple to say that the purchase of the *American* was decidedly a bad investment.

The *Advocate* addresses this further rebuke to the *News* and *American*:

> And now, while our "hand is in," let us say another thing, apropos to this subject. It was agreed, all around, prior to the late Convention, that there should be no more personal politics—that we drop the old schisms and controversies. That has been honorably observed by most of the press; but for the last month or so, a few of the Democratic papers have teemed with articles about Huebschmann, Noonan and others. In one or two papers this has become disgusting and offensive, especially in regard to Mr. Noonan, whose business affairs, personal appearance, and other minutiæ have been pertinaciously commented on from day to day.
>
> * * *
>
> Mayor Cross can be elected without this sort of fight; he can be elected a thousand times easier without it. He would not stoop to it himself, and we believe he cannot help deploring a forced association with men who do stoop to it.

The *Advocate* speaks, no doubt, the general sentiment of the party in its severe censure of the personal warfare waged by the *American* and the *News*. They will do well to heed and profit by the friendly lesson.

### Southern Wisconsin R. R.

Some complaints having been made in regard to the slow progress of the Southern division of the Milwaukee & Mississippi R. R. west of Janesville, charging, in effect, that means raised by the people of that section, had been expended on the main line, Mr. BINGHAM, of Monroe, one of the Directors, we believe, publishes a statement from Mr. TAINTOR, Secretary of the Company, showing that the amount thus far expended on the Southern Division to be the sum of $770,651,83, while the receipts from bonds, farm mortgages, and cash subscriptions applicable to that division were but $650,960,00, showing an excess of expenditures amounting to $119,691,83. The Company has yet on hand $48,000 of our city bonds, and $90,900 of farm mortgages, but in the present state of the money market, they are unavailable. Mr. BINGHAM says:

> I was present at a meeting of the Directors last week, when I was assured that it was the purpose of the Board to resume the track-laying at the earliest practicable time, but that owing to the impossibility of raising money on any securities the company can give, and the Directors having gone to the extent of their individual resources to aid the company; that the work cannot proceed at present unless a sufficient amount to pay the duty on the iron, ($1,300 per mile,) can be raised out of stock subscribed along the line.
>
> To facilitate the payment of stock for this purpose, I am authorized to state that stockholders who wish to pay in Wheat, can pass it over the Road from Brodhead to Milwaukee free of charge for freight. Over $30,000 is due on stock subscription in Green county, and Stephenson Co., Ill., the greater part of which is good, and must eventually be collected. If those who owe the company and *can pay*, will step forward and pay *now*, or within 60 days, the road can be finised to Monroe the present fall.

IMPATIENT FOR THE "CRISIS."—The Green Bay *Advocate* copies the programme of Mr. Hewitt's Lectures in this city on the "great coming crisis," which is to make mince-meat of this sublunary sphere and set up some other solar institution in its stead, and thus, Ajax-like, publicly defies the crisis—compelling Hewitt to "go ahead:"

> We beg Mr. Hewitt to bring on his crisis—it will be a pleasant change in these times. This globe of ours can stand more things than he thinks for. The comet struck us last summer, without doing much harm, and now the money panic is trying it on. We shall probably live it through—but in the meantime, if Mr. Hewitt's grand explosion could be brought on, it might agreeably divert the public mind for a while.

The Lumber business must be dull and politics desperate, in the State of Green Bay, to tempt our usually conservative friend of the *Advocate* into this defiant mood. Or can it be, that, in the absence of the "responsible editor," whom we met at the Theatre Thursday evening, shuddering over the wicked ways of *Lucretia Borgia*, his "better half" has again ascended the editorial tripod and rashly thrown down this gauntlet to the "great coming crisis?"

SENATOR SUMNER.—Hon. Charles Sumner, by last accounts, was on the Lake of Lucerne, about the first of September. He was looking very well then, and writes from Heidelberg on the 11th ult., that he "had been in Switzerland, had visited most of its lakes, and crossed several of its mountains on mule-back." He has also been in the Pyrenees and the Channel Islands, and was about to visit the Highlands. Of his health, he says: "I am not entirely well, but I am almost. My case spins out slowly; but I find that my experience is that of others who have received injuries of the brain. My general health, which is now complete, is surely lifting up the diseased part of my system."

THE PROPOSED DARIEN SHIP CANAL.—Com. Paulding, of the Home Squadron, has communicated to the Secretary of the Navy the results of the exploration and survey of the isthmus of Darien, in reference to the proposed Ship Canal.—He says:

> The Isthmus itself seems to present no serious obstacle to science for the construction of a canal. The whole extent from the Atlantic to the Pacific Ocean is made up of swamps, hills and plains, and the highest point of land where the railroad passes is no more than 286 feet above the level of the sea. On the whole route most, if not all, the hills through which the canal passes would be required for embankments over the plains and swamps, and I can perceive no insuperable obstacle to piercing the highest part, so as conveniently to make the waters of the Chagres and Obispo and Rio Grande available to the wants of the canal.

The great difficulty which occurs is the want of laborers who can stand the climate. White men cannot do it, and even the blacks, as was the case on the Isthmus Railway, succumb to the diseases of the country.

The following figures and plans are given in a summary by Col. TOTTEN:

> Length from shore to shore 45 3-4 miles.
>
> Length from five fathoms water in Navy Bay, on the Atlantic, to three fathoms water in Panama Bay, on the Pacific, 48 3-4 miles.
>
> The prism of water to be 150 feet wide at the bottom, 270 feet wide at surface, and 31 feet deep.
>
> The locks to be 400 feet in clear length of chamber, and 80 feet in clear width.
>
> The summit level will be 150 feet above mean tide of the Atlantic and Pacific Oceans.
>
> The summit cut will be about four miles long. The deepest cutting on this level will be 135 ft., and the average depth of the cut will be 49 feet.
>
> The river Chagres yields an ample supply of water for the canal at all seasons of the year.—The summit level will be supplied by a feeder about 24 miles long, which will tap the river Chagres about 21 miles above the town of Cruces, where the level of the river is about 185 feet above mean tide, and about 35 feet above the summit level.
>
> The cost of this canal, including the requisite harbor improvements at each end, will not exceed $80,000,000. G. M. TOTTEN.
>
> ASPINWALL, Sept. 14, '57.

COL. COLT VS. THE RUSSIAN GOVERNMENT.—In this case, which was a reference agreed to by the Emperor of Russia of sundry claims against him by Mr. Colt for non-performance of contract in relation to the delivery of Minie rifles.

Col. Cooper of the U. S. Army, the Hon. L. P. Waldo, one of the Judges of the Superior Court, of Connecticut, and the Hon. George S. Hillard of Boston, were agreed upon as arbitrators. R. A. Chapman of this city was counsel for the Russian Government, and William W. Eaton of Hartford was counsel for Colt.

The Springfield *Republican* says:

> The hearing was finished on Wednesday last, and on Thursday the arbitrators made an award against Colonel Colt. The liberality of the Russian Government in this affair is in remarkable contrast with the conduct of our Congress, which will not consent to be bound even by the decisions of its own court of claims. So far as we know, it is the first case in which any Government ever consented to refer a private claim to arbitrators. Under our Government, meritorious claimants suffer great injustice for want of simple and fair mode of proceeding like this.

ENCOUNTERS OF GEN. HAVELOCK WITH THE REBELS.—The greatest anxiety is felt regarding Lucknow. General Havelock, after crossing the Ganges, defeated the enemy at Oonor on the 30th of July. On the 31st he attacked the enemy in a very strong position in the town of Busserat Gunje, and again defeated them with great slaughter, and took all their guns. His own loss was eighty-eight killed and wounded. He then retired on the Ganges, his small force being burdened with sick and wounded, and with the captured artillery. On the 5th of August he again advanced towards Lucknow, and gained two more victories, on the 5th and on the 12th. He then found the enemy strongly entrenched in their positions, and numbering 50,000 men. Finding it impossible to cut his way to Lucknow, in the face of such a force, Gen. Havelock was compelled to retire to Cawnpore and to wait for reinforcements. In the meantime the position of the gallant garrison of Lucknow is most precarious.—Major Banks, who has acted as Commissioner since Sir H. Lawrence's death, has fallen; but the date of this melancholy occurence is not stated.

The superiority of these Extracts consists in their
Perfect Purity and Great Strength,
They are entirely free from the poisonous oils and acids which enter into the composition of many of the factitious fruit flavors now in the market. They are highly concentrated, have all the freshness and delicacy of the fruits from which they are prepared, and are less expensive.

A NEW STOVE COMING.—A correspondent of the Springfield Republican, writing from Stockholm, Sweden, says: "I have fully made up my mind to buy one of the Swedish stoves, and send it home in time to be put up for this winter. I think it will prove one of the greatest blessings to our country of anything lately invented or introduced there. It entirely obviates all the evils existing, and so seriously felt by all our northern people, in our very imperfect and expensive mode of heating houses. It is not more expensive in its construction than our stoves, and it is quite an ornament to a room, is entirely free from dirt and filth in its use, gives an even, genial warmth to any degree that may be desired, entirely free from the unpleasant effect of our hot air system, and is the perfection of economy of fuel. So perfect is it, that for a hundred and fifty years, there has been no change in its arrangement, and it has given perfect satisfaction, in a country where they require as much warmth for their comfort as we do, and where the cold to contend with is greater;—where the people are quite as intelligent in all that pertains to such matters, as we are, and it can hardly be supposed, if there was any advantage to be obtained, or anything more desired for comfort or convenience or beauty or economy, that no changes would have been made in it, in so long a time. It is a great wonder to me that some one has not only tried it in America, but established its use and manufacture there, for its construction is as simple and easy to understand as its principles of heating and ventilating a room are healthful and economizing. Only one fire a day is made in them, and then only a small quantity of birch wood is used.

One of common size is capable of heating a room about thirty feet square, as warm as you would desire it, even in this cold climate. The amount of wood burned in each stove, in their eight months of winter, is only one cord, Swedish, which is a little less than our cord, or as 120 cubic feet is to 128. There are several patterns, some much more beautiful than others, but most of them are a plain round or square pedestal or column, extending from the floor nearly to the ceiling, and generally they have a plain white enameled surface, like pure white China ware; but many that I have seen are of more ornamental forms, with handsome bases and ornamental cornices and mouldings at the top, and some of them are ornamented in colors, like China ware. The material of which they are made is the same as our common tile, with this white enamel merely on the surface."

THE GRAVE OF JEFFERSON.—A writer in the Crayon furnishes an interesting account of a visit to the former residence of Mr. Jefferson, in Virginia. He says, "save the shy negroes, watching with idle curiosity a stranger loitering about the grounds, it was a desolate house, and decay and neglect were every where leaving their imprints." He adds:

Descending from the house into the forest, to the grave of Jefferson and passing through the broken iron gate of the crumbling wall, I met a scene of desecration and Vandalism for which I was not prepared. The inscription upon his monument was effaced, the monument itself battered and broken, and like indignities had been recently offered to the marble slabs which once marked the grave of his mother and other near relatives, and which will soon be lost in the weeds, brambles and rubbish that cover the enclosed area. Gathering two or three wild flowers that had sprung up amid the wreck, and bidding farewell and peace to his ashes, I rode away musing how barbaric curiosity and rude neglect should desecrate the graves of Thomas Jefferson, and those who were near and dear to him when living, as no potters' field is desecrated.

Dr. Francis, of Philadelphia, has invented what he calls galvanic forceps, which is intended as a relief to the pain of extracting teeth. It is a combination of the ordinary forceps, with a galvanic arrangement attached, whereby the nerve of the tooth may be charged with the galvanic influence and its sensibility suspended. In this condition the extraction will be without the pain usually accompanying the drawing of a tooth in a high of inflammation. If the expectations of the inventor are realized with regard to the instrument, it will be of great value, not only to the dental practitioner, but especially to the patient.

IMPORTANT TO THE LADIES.

I HAVE JUST OPENED an invoice of goods which are too good to sell at auction; I therefore will sell them at private sale, at 20 ⅌ cent less than what they are worth, and 30 ⅌ cent less than you can purchase them in the city. The goods consist of White Shaker Flannels, Colored Flannels, Twilled Flannels, some French Merinoes, some all wool Delaines, Silk Velvets, &c. The assortment is not very large, but what there is is of superior quality.

I have also just opened, one case, consisting of twelve Ladies Fall and Winter Cloaks, latest style, to be sold at great bargains.
oct6 CALEB WALL.

### City Auction Room.

ANY ONE, who has a good stock of Dry Goods, I will trade Pine Lake farm for them, with all its stock, furniture, &c., and if the stock of goods is very large and is worth more than the farm, I will pay the balance in money. Or I will exchange said farm for good improved city property, or I will sell the said farm for good mortgages, running 1, 2, 3 years, or I will exchange said farm for Mil. & Miss. R. R. stock. Here is a great chance for some one to get a good home, one and a half hours ride on the cars from the city, with everything that one's heart should desire, with a good house and splendid barn, which would rent in Milwaukee for six hundred dollars a year.
CALEB WALL.

N. B.—If the said farm is not sold in thirty days, I want a good, honest, quiet man and his wife to take care of said farm and all the stock through the winter, and probably, when the spring comes I may conclude to keep the farm. So a chance for some one to get a comfortable home for the winter. I do not care what country they are from, but will require good references.

### CITY LAND OFFICE.

### City Land Office.

AUCTION SALE OF LOTS in the 6th Ward, Wright's Addition, adjoining Sherman's. This well known addition has been placed in our hands to be disposed of to those who desire to build and improve.—The confidence which we feel in the intrinsic value of this property, and the knowledge we have of the demand which exists for it, induces us even at this time to offer it at Public Auction.

Every resident of the Ward is perfectly familiar with the location of these lots. They have hitherto been kept out of market by the owner, notwithstanding the superior advantages which they offer for residences, but the growing demand for them and the desire to improve the value of the residue of the property, induces him to offer a portion of them on terms which will induce others to come on and purchase, so that both he and themselves may benefit by the enhanced value will be given by their improvements. The size of the lots, 50x150, is of itself a great consideration to persons building, as it affords space for raising cabbages and other vegetables, which will repay the labor bestowed on them. The sale will take place at our office on Michigan street, at 10 o'clock in the forenoon of the 20th inst.

BEST FARMS
In the State of Wisconsin, on very easy terms.

### PINE LAKE FARM

I now offer the Premium Farm of this State, containing 252 acres, on Pine Lake, running 3-4 of a mile along said Lake. The improvements of said Farm are very superior. A beautiful Swiss Cottage, containing seven rooms, a carpenter shop, ice house, a good tenant's house, a splendid barn, a large and thriving apple orchard, plums, about half an acre of strawberries, raspberries, &c.

64 acres of said farm is under plow. The said premises will be sold on very easy terms, together with the stock, furniture &c., as follows: Two first rate horses, five cows, 2 calves, 1 wagon and hay-rack, thirty tons of hay, four hundred bushels of oats, two hundred bushels of corn, one hundred bushels of potatoes, all the garden materials, such as turnips, tomatoes, sweet corn, about fifty bushels of fall and winter apples, and various other fruits and vegetables too numerous to mention.

The farm with all it contains I will sell at a great bargain, on very easy terms, together with all the furniture in said house, as follows: five bedsteads and mattrasses, twenty chairs, 1 cook stove, one carpet, three rocking chairs, and various other articles of household furniture. The Great Book of the year is the new Tale by the authoress of the "Lamplighter,"
"MABEL VAUGHAN."

MISS CUMMINGS, the authoress, has written a story which, for elegance of diction and thrilling interest, has rarely been equalled by any American lady. The question has been repeatedly asked—can Miss Cummings write another book equal to "the Lamplighter?" We can answer this question now with perfect assurance, not only from our own personal knowledge, but from the unqualified testimony of the literary gentlemen of Boston, who have read the work with great care both of whom pronounce it a superior book to the first, and that it will add immensely to her previously well-earned and world-wide reputation. It is a handsome volume of 500 pages. Price $1,00.

BOERHAVE'S
HOLLAND BITTERS

THE CELEBRATED [illegible]
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
[illegible]
WEAKNESS OF ANY KIND,
[illegible]

And the various Affections consequent upon a disordered
STOMACH OR LIVER.

Such as Indigestion, Acidity of the Stomach, Colicky Pains, Heartburn, Loss of Appetite, Despondency, Costiveness, Blind and Bleeding Piles. In all Nervous, Rheumatic and Neuralgic Affections, it has in many instances proved highly beneficial, and in others effected a decided cure

This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success in most of the European States, its introduction into the United States was intended more especially for those of our fatherland scattered here and there over the face of this mighty country. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be acknowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect it finds its way to the seat of life, thrilling and quickening every nerve, raising up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE.—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties.

CAUTION.

The great popularity of this delightful Aroma has induced many imitations, which the public should guard against purchasing. Be not persuaded to buy anything else until you have given BOERHAVE'S HOLLAND BITTERS a fair trial. One bottle will convince you how infinitely superior it is to all these imitations.

THE GREATEST
MEDICAL
DISCOVERY
OF THE AGE.

MR. KENNEDY, of Roxbury, has discovered in one of our common pasture weeds a remedy that cures

EVERY KIND OF HUMOR,
FROM
The worst Scrofula down to a common Pimple.

He has tried it in over eleven hundred cases, and never failed except in two cases, both thunder humor. He has now in his possession over one hundred certificates of its value, all within twenty miles of Boston.

Two bottles are warranted to cure a nursing sore mouth.

One to three bottles will cure the worst kind of pimples on the face.

Two or three bottles will clear the system of biles.

Two bottles are warranted to cure the worst canker in the mouth or stomach.

Three to five bottles are warranted to cure the worst kind of Erysipelas.

One to two bottles are warranted to cure all humor in the eyes.

Two bottles are warranted to cure running of the ears and blotches among the hair.

Four to six bottles are warranted to cure corrupt and running ulcers.

One bottle will cure scaly eruptions of the skin.

Two or three bottles are warranted to cure the worst kind of kind of ringworm.

Two or three bottles are warranted to cure the most desperate case of rheumatism.

Three to four bottles are warranted to cure salt rheum.

Five to eight bottles will cure the worst case of scrofula.

A benefit is always experienced from the first bottle, and a perfect cure is warranted when the above quantity is taken.

ROXBURY, Mass.

DEAR MADAM:—The reputation of the Medical Discovery, in curing all kind of humors, is so well established by the unanimous voice of all who have ever used it, that I need not say anything on the subject, as the most skilful physicians and the most careful Druggists in the country are unanimous in its praise.

In presenting the Medical Discovery to your notice, I do it with a full knowledge of its curative powers, in relieving all, and curing most of those diseases to which you are unfortunately so liable. That most excruciating disease to an affectionate mother

NURSING SORE MOUTH,

is cured as if by a miracle; your own temper is restored to its natural sweetness, and your babe from short and fretful naps to calm and sweet slumbers; and the Medical Discovery becomes a fountain of blessings to your husband and household.

In the more advanced stages of

CANKER

it extends to the stomach, causing

DYSPEPSIA,

which is nothing but canker on the stomach; then to the intestines and

KIDNEYS,

creating a sinking, gone feeling, and an indifference even to the cares of your family.

Your stomach is

RAW AND INFLAMED,

your food distresses you, and you can only take certain kinds, and even of that your system does not get half the nourishment it contains, as the acrimonious fluid of the canker eats it up; then your complexion loses its bloom and becomes sallow or greenish, and your best day is gone. For want of nourishment your system becomes loose and flabby, and the fibres of your body become relaxed. Then follow a train of diseases which the Medical Discovery is peculiarly adapted to

CURE;

Palpitation of the heart, pain in the side, weakness of the spine and small of the back, pain of the hip-joint when you retire, irregularity of the bowels, and also, that most excruciating of diseases the

PILES.

How many thousands of poor women are suffering from this disease and pining away a miserable life, and their next door neighbor does not know the cause. I wish to impress on your mind that good old proverb, "An ounce of prevention is better than a pound of cure." In the

*MEDICAL DISCOVERY*

you have both the preventative and the cure, with this great and good quality, that it will never, under any circumstances, do you an injury. Yours truly,

DONALD KENNEDY.

## MEDICAL.

THE LIVER
INVIGORATOR!
PREPARED BY DR. SANFORD.

IS A GREAT SCIENTIFIC Medical Discovery, and is daily working cures, almost too great to believe. It cures as if by magic, even the first dose giving benefit, and seldom more than one bottle is required to cure any kind of Liver Complaint, from the worst Jaundice or Dyspepsia to a common headache, all of which are the result of a diseased Liver.

The Liver is one of the principal regulators of the human body, and when it performs its functions well the powers of the system are fully developed. The stomach is almost entirely dependent on the healthy action of the Liver for the proper performance of its functions; when the stomach is at fault, the bowels are at fault, and the whole system suffers in consequence of one organ—the Liver—having ceased to do its duty. For the diseases of that organ, one of the proprietors has made it his study, in a practice of more than twenty years, to find some remedy wherewith to counteract the many derangements to which it is liable.

To prove that this remedy is at last found, any person troubled with Liver Complaint in any of its forms, has but to try a bottle, and conviction is certain.

A compound has been formed by dissolving gums and extracting that part which is soluble for the active virtues of the medicine. These gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood, giving tone and health to the whole machinery, removing the causes of the disease, and effecting a radical cure without any of the disagreeable after effects, felt by using CALOMEL or MINERAL Poison that is usually resorted to.

One dose after eating is sufficient to relieve the stomach, and prevent the food from rising and souring.

Only one dose taken before retiring prevents nightmare.

Only one dose taken at night loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure Dyspepsia.

☞ One dose of 2 teaspoonfuls will always relieve Sick Headache.

One bottle taken for female obstruction removes the cause of the disease, and makes a perfect cure.

Only one dose immediately relieves Cholic, while

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

One dose taken often will prevent the recurrence of BILLIOUS ATTACKS, while it relieves all painful feelings.

☞ Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for JAUNDICE removes all yellowness, or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite, and makes food digest well.

One dose often repeated cures Chronic Diarrhoea in its worst forms, while Summer and bowel complaints yield almost to the first dose.

One or two doses cures attacks caused by worms, while for worms in children, there is no surer, safer, or speedier remedy in the world, as it never fails.

There is no exaggeration in these statements; they are plain sober facts, that we can give evidence to prove, while all who use it are giving their unanimous testimony in its favor.

We take infinite pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, and all Fevers of a Billious Type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Among the hundreds of Liver Remedies now offered to the public, there are none we can so fully recommend as Dr. Sanford's Invigorator, so generally known now throughout the Union. This preparation is truly a Liver Invigorator, producing the most happy results on all who use it. Almost innumerable certificates have been given of the great virtue of this medicine, by those of the highest standing in society, and we know it to be the best preparation before the public.—*Branch County Democrat.*
